**SEIBELS, BRUCE & COMPANY PARTNER WITH LEANING BIRCH
SOFTWARE**

WISCASSET, ME - Seibels, Bruce & Company, of Columbia, SC, has entered into an agreement with Leaning Birch Software, LLC, to license their Fountainhead software toolkit.

Jon Santa, President of Leaning Birch said, “We are enthusiastic about our partnership with Seibels and are happy to be working with a progressive, forward-thinking organization that understands the need for, and power of, our Fountainhead toolkit. “

Leaning Birch will utilize the Fountainhead Toolkit, working with Seibels’ insurance expertise to customize software that will take Seibels well into the future. Seibels’ development and deployment times will be reduced, and the upkeep and maintenance of their insurance processes will be seamless,” said Santa.

We look forward to a long and mutually beneficially relationship with Seibels and its affiliates.”

For more information on the product, please visit www.leaningbirchsoftware.com.

Leaning Birch Software, LLC, is headquartered in Coastal Maine with a separate data center in South Carolina. The Company’s founders have significant executive-level experience within the insurance software industry, and decades of experience in technology, management, and sales at several of the most significant players in the industry.
